## **Suffolk Potter & Great Pottery Throwdown Contestant**

Hayley designs and makes sculptures and hand thrown ceramics from her pottery studio on the Suffolk Coast. Hayley also offers pottery teaching.

Hayley was born in rural Dorset, where she first fell in love with the sea, coastal landscapes and the beauty and oddity of fossils and hagstones. Her work celebrates the beauty of the irregular.

Hayley uses unusual combinations of bright and muted colours on stoneware clay. She produces beautiful and unusual garden sculptures, alongside hand crafted pieces of jewellery and individual homeware pieces.

Hayley starred in a recent series of the Great Pottery Throwdown
